## Free summer meals for your children

### *"Food's in when school's out."*

Dear Parents,

There are many good reasons for your children to eat free Summer Food Service Program (SFSP) meals during the summer when school is out:

- Tasty, well balanced meals keep your children healthy and happy.
- The meal site is safe and well supervised and your children can play with other children.
- Most serving sites are easy for your children to walk to with their friends.
- You save money on food when your children can eat free SFSP meals.

Free meals are served to all children age 18 years or younger who come to the "Open" serving site. No identification is required. (If parents would like to join their children, they can purchase lunch for \$3.50 and breakfast for \$2.50)

Meals will be served at;
